

Engineering America

Tony Grant

Tony Grant joined Engineering America as Regional Manager of the Central office in Olathe, Kansas. He brought with him 18 years of experience in the storage tank industry. He was promoted to Vice President and appointed to the Board of Directors in 2010.

Tony is very active in leading Engineering America's Central office as a general contractor specializing in the supply and installation of water and wastewater liquid storage tanks for industrial and municipal applications in the Midwestern states of Nebraska, Kansas and Western Missouri. Tony has been an active member of these states' Rural Water Associations, as well as the American Water Works Association, Water Environment Federation and League of Municipalities.

Tony was with Peabody TecTank for thirteen years (1988-2001), holding a variety of positions in manufacturing and sales. He began his career as a machine operator with TecTank and ended his tenure as Western Regional Manager.

From 2001 to 2006, prior to joining Engineering America, Tony was Sales Manager for Aquastore Southwest, Inc. located in Chandler, Arizona, where he covered Arizona, New Mexico, Southern Nevada and Southern California.

Born in Kansas, Tony received an Associate Degree from Fort Scott Community College. He has furthered his education with college and technical courses on strength of materials, business industrial technology, computer technology, and marketing.

Tony lives in Olathe, Kansas, with his wife Amber, son Braden and daughter Kylie. His interests include golfing, fishing, and enjoying watching his kids' sporting events.
